

IL POPOLO D'ITALIA E' CON D'ANNUNZIO

L'Esercito Deciso a Concludere
Quanto non Face la Con-
ferenza di Parigi

Published and Distributed Under
PERMIT NO. 847
Authorized by the act of October 3,
1917, on file at the Postoffice of Phila-
delphia, Pa.
By order of the President
A. HULLIGAN,
Postmaster General.

Londra, 17 settembre.—Notizie giunte dall'Italia recano che il popolo e' tutto d'accordo e che le simpatie per Gabriele D'Annunzio sono immense. Si dice che l'Esercito e' tutto con il grande poeta ed e' deciso a concludere quello che non e' stato fatto dalla Conferenza della Pace.

Parigi, 17 settembre.—Le ultime notizie giunte riguardo Fiume, occupata dalle forze irregolari sotto il comando di Gabriele D'Annunzio, non recano alcun cambiamento sulla situazione. Le necessarie misure si dice siano state prese per prevenire tutte le comunicazioni tra la citta' e l'esterno. Secondo ulteriori rapporti, dei marinai italiani che sbarcarono a Fiume soltanto cento rimangono nella citta' e gli altri hanno fatto ritorno alle loro rivi. Si dice che il vice-ammiraglio Casanova, sbarcato ieri in un tentativo di ristabilire l'ordine, sia stato illegalmente trattenuto sulla spiaggia.

Parigi, 16 settembre.—La Delegazione Jugoslava alla conferenza della Pace ha emesso il seguente rapporto circa la situazione in Fiume: "Conflitti non armati sono avvenuti in Fiume nella notte dal 12 al 13 settembre, quando mille soldati italiani arrivarono dai territori occupati di Istria e Slavonia. La corazzata Danto Alighieri fu impossibilitata a salpare perche' le sue macchine erano state appostamente danneggiate. Le truppe sbarcarono dalla nave e si unirono ai volontari di D'Annunzio. "Le autorita' militari italiane e i comandanti delle truppe alleate in Fiume furono impotenti a ristabilire l'ordine, e la preparazione per le ribellioni erano state accuratamente preparate. I ribelli costrinsero la pattuglia inglese al palazzo del governatore a ritirarsi. Avvennero dimostrazioni contro l'America l'Inghilterra, la Francia e la Jugoslavia. "D'Annunzio parlò ai soldati ed alla folla e poscia gli italiani spinsero i Jugoslavi ed i soldati fuori di Fiume e di Sussak. "I francesi, gli inglesi e gli americani hanno lasciato Fiume a bordo di vapori. Si teme che le truppe regolari italiane, mandate contro i ribelli, facciano causa comune con essi."

ALL ENGLAND AWAITS SPEECH BY PREMIER

Lloyd George Returns From
France—Speaks in Lon-
don Tonight

London, Sept. 17.—(By A. P.)—Premier Lloyd George's return to England last night from his vacation at Denville, France, and a brief visit to Paris, will be followed tonight by his address at the London City Temple and which, in view of the extreme political and economic unrest prevailing in the country is awaited with keenest curiosity and interest.

Among the many topics which the public is eager to hear the Premier discuss are the Russian tangle, including William G. Bullitt's testimony before the foreign relations committee of the United States Senate; Ireland; the reduction of national expenditures; industrial developments; the probable dissolution of parliament, and a general election.

In view of the fact that the speech will be addressed to the international brotherhood congress, Mr. Lloyd George probably will confine himself mainly to elaborating his recent appeal to the nation to co-operate in the establishment of a new world order.

FRANC DROPS; U. S. BLAMED

Paris Press Says America Should Arrange Long-Term Credits
Paris, Sept. 17.—The continued depreciation of the franc in the United States and Great Britain is commented upon by all the morning newspapers, together with the declaration by Minister of Finance Klotz, in the Chamber of Deputies yesterday, that the only remedy is for France to buy from countries where the rate of exchange is favorable to her.

Some of the newspapers complain that the allied and associated powers have not done all they could to relieve the situation. The United States, particularly, they declare, could stop the depreciation of the franc by arranging for long-term credits.

AUSTRIA EXPELS ALL ALIENS

Vienna, Sept. 17.—(By A. P.)—In an effort to cope with food and fuel conditions the Austrian government has issued a decree expelling from the country all persons who do not claim a legal residence here. This decree, which becomes effective on September 20, will affect a large number of Galicians and many Hungarians remaining in Austria after they were ordered to leave the country some time ago. Notwithstanding this decree the minister of finance has forbidden aliens to remove money from the banks.

AGREE ON BALTIC ALLIANCE

Little Nations Have Not Accepted Russian Soviet Peace Terms
Copenhagen, Sept. 17.—(By A. P.)—An important conference has been in session at Riga, considering not only peace with the Soviet government of Russia, but the formation of a Baltic federation, according to advices from Lettish sources. It is understood there has been no actual acceptance of the Soviet government's terms, but it appears that the Baltic federation idea has materialized to the extent that an agreement has been reached for a common currency and a customs union of Latvia, Estonia and Lithuania. The conference has removed to Reval.

CARRANZA OFFICER ARRESTED

Washington, Sept. 17.—The chief of police of Tuxpan, Agapito Perez, and Lieutenant Colonel Rodriguez, of the Carranza army, are under arrest, charged with having participated in the recent robbery of the Penn Mexican Petroleum Company, an American concern operating in the Mexican oil fields, according to information received yesterday through official channels.

Brand New, the
Lex-Sedan
LEXINGTON is privileged to introduce the newest closed car achievement—
The one-piece locking Sedan, with all the advantages of the built-up type, yet hundreds of pounds lighter, flexible, more practical and more convenient.
For the first time the body has been built for the top, reversing the old method, and—
Solving the elusive problem which has baffled designers of how to make a harmonious unit of top and body.
The sides of the body are unusually high, all four doors are full width, the top appears lower, all six of the side windows are of equal size, square shaped to match the straight line effect of the doors.
The glass in these windows can be lowered or entirely removed.
Lex-Sedan gives a marked saving in fuel, less strain on the motor, lighter weight on the road, freedom from top rigidity—a that eliminates strains and breakages.

NATIONAL BLANK BOOKS

IT is near-sighted economy to buy cheap Account Books—records that are used daily and preserved for many years. Only good paper and strong bindings will stand the strain of constant handling.

THE National Line of Account Books is the first choice of experienced bookkeepers. These books are good inside and out, all made by skilled workers from time-tested material.

ALL the necessary things of National Blank Books is always carried in stock at the factory, so that your stationer can secure anything you need in National Account Books without undue delay. Always ask for "National" and see that they have the Eagle Trademark.

NATIONAL BLANK BOOK COMPANY

**Watch Teeth Whiten
When You Remove the Film**
All Statements Approved by High Dental Authorities

Free
A Ten-Day Tube of Pepsodent to show you its effects. Send the coupon for it.

This is to urge a ten-day test of a tooth paste which combats the film.
High authorities have proved it. Five years of tests have placed it beyond question. Leading dentists everywhere are urging its adoption.
Compare the results with your old methods, and let your own teeth decide.

Film Destroys Teeth
That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. Dental science, for many years, has sought a way to end it. That film is what discolors, not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.
Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the major object in cleaning teeth is to keep them free from film.

Old-time methods fail to do that. Teeth still discolor, still decay, as millions of people know. The reason is that brushing does not end the film.
The film is clinging. It gets between the teeth, enters crevices and stays. Day and night, month after month, it is a potential source of danger.

Now a Way to End It
Science now has found a way to end it. Five years of tests have proved this. The way is now embodied in a dentifrice called Pepsodent. And we urge you to see what it does.
Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.
But pepsin must be activated, and the usual method is an acid harmful to the teeth. So pepsin long seemed barred. But science has now found a harmless activating method. It is made use of in Pepsodent.
Now millions of teeth are daily cleaned as they never were before. Try the method ten days on yours.

Send this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean your teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.
Watch the results for a few days. Read in our book how they come about. Then decide for yourself what tooth paste you and yours should use.
Cut out the coupon now.
